CORDLESS LAWNMOWER
\$125 rebate with an additional \$25 rebate with disposal of gas powered lawnmower

**GHP Rebate Criteria**

1. All installations must be pre-approved by REU with system design and cost estimate.
2. Installation must be by a certified installer and drilling contractor, and only one IGSHPA-approved contractor responsible for entire system.
3. Only vertical loop systems will be eligible for a rebate.
4. Installation must meet or exceed manufacturer's installation specifications.

**CORDLESS LAWNMOWERS Rebate Criteria**

1. Only new model cordless, rechargeable electric lawnmowers qualify for a rebate.
2. Used, rented or resale lawnmowers do not qualify.
3. Gas powered lawnmowers must be turned into City of Redding Solid Waste Transfer Station at 2255 Abernathy Lane to qualify for additional rebate.
4. Gas powered lawnmowers must be emptied of all oil and gas before disposal of unit at Transfer Station.
5. Additional rebate will only be given with a purchase of a new cordless rechargeable electric lawnmower.
6. Only one rebate per customer (through duration of program).

**TERMS and CONDITIONS**

Funds for these incentives are limited. REU reserves the right to change and/or terminate incentives at its own discretion based on availability of supporting funds. REU also reserves the right to inspect and verify installation of any energy-efficiency improvements. Customers who reject REU's verification process may be subject to rebate denial or reversal. REU does not guarantee any equipment or energy savings. Only current REU customers qualify for a rebate.
