

**Starting October 1st, 2010
REU will decrease solar rebates to
the following:**

**\$.25 per kWh Performance Based
Incentive (PBI) x 60 months on systems
10 kW to 1 MW.**

**\$1.72 per watt on systems <10 kW
installed from 160 degrees (SSE) to 270
degrees (W) at an incline of 5 degrees to
45 degrees.**

**\$2.18 per watt on systems <10 kW
installed on a single or double axis East-
to-West Tracker.**

**\$2.18 per watt on systems <10 kW
installed 225 degrees (SW) to 270
degrees (W) installed at high tilt (45 to 55
degrees)**
